

## The Biggest Lie

Smokie

You never made life easy, running down your long dark  
winding road  
always criticizing my personal intentions you said that  
wasn't so

So you left with tears inside and foolishly I watched  
our demise  
so why d'you come back to me when you know I can see  
that

The biggest lie of all was the one you told yourself  
every memory I have is that you didn't need my help  
every moment of the day I was sitting on this shelf  
when the biggest lie of all was the one you told  
yourself

Don't ask me how I'm feeling I'm not that fool from  
long ago, so long ago  
You say you want to talk things over I'm sorry but my  
heart says no  
It just tells me so

It would be a mistake you never give you just take  
I'm really over you so there's nothing to do

The biggest lie of all was the one you told yourself  
every memory I have is that you didn't need my help  
every moment of the day I was sitting on this shelf  
when the biggest lie of all was the one you told  
yourself

You left me in the dark so many years ago so long ago  
so just quit fooling with my heart because you have to  
go  
I just want you to go

The biggest lie of all was the one you told  
yourself....
