

Warm Nights With You

Smokie

If I gave up the rest for you
Tell me where would it lead me
Girl if your love is true
Tell me what would you do
Ooh, ooh.

If I promise you all my life
Would you ever believe me
And if you think you do
Could it be leading to
Warm nights with you.

Warm nights, warm nights, warm nights with you
Just warm
Warm nights with you
Just warm
Warm nights with you
Just warm
Warm nights with you
Just warm
Warm nights with you
Just warm
Warm nights with you
Just warm
Warm nights with you
Just warm
Warm nights with you.
Just warm

If you dont put your trust in me
And you think I'd desive you
Won't you deprofess me
Oh, what a fool I'd be
Want you with me.
