Snak the Ripper

[Verse 1]

Yeah

This world'll steal your heart and tear it out
Feels like my faith in our humanity is wearing out
These rappers lying and they lucky I don't hear 'em out
The fiction ain't portraying all you people care about
Been all around the fucking world and doggy taught me that
It's full of fake thugs, hustlers and copy cats
Acting like they popping gats
Ain't fooling me 'cuz I can spot 'em right away
They just a ripple in the toilet acting like a tidal wave
Society is just a bunch of sheep the media controls
They try to keep em in the dark before they feed 'em to the wolves
The police will fucking shoot you just for reaching in the box
Bystanders taking pictures of your body while they watch
Tech-nology's a trap to distract you
This shit will suck the soul out your ass like a vacuum
Now you can disagree with me but i'm just trynna share my view
What the world I see with both these fucking eyes I'm staring through (huh)

[Hook x2]

This the world that we living in
This the world (fuck the world)
This the world that we living in
Living in (fuck the world)

[Sample]

Ladies and gentlemen this is your captain speaking, we are experiencing some turbulence, I appreciate your..., remain in your seats and keep your seat belts fastened until I turn on the passing seat belt sound, thank you

[Verse 2]

It's gonna be some rough sky so buckle up
You only getting one life so don't fuck it up
Got me use a rent-a-wish, you gotta trust the gut
These bitches love to talk they shit but they get suck-a-nut
Been all around the world and seen so many cultures
The wrong perception of success wrench the hungry vultures
Relationships are halted
Every step you take will bring you closer to demise
It's hard to find someone to trust with all these poses in the skies
Everybody's so concerned with being self involved
Acting like the place they stand the only place the world revolve
Quick to judge all of the things that they can never understand
Like the color of your skin or how much money in your hand
Can't imagine what it's like to walk in someone else's shoes
If you choose to be close minded, your stupidity is proof
You can disagree with me but i'm just trynna share my view
Of the world I see with both these fucking eyes i'm staring through (huh)

[Hook x2]

This the world that we living in
This the world (fuck the world)
This the world that we living in
Living in (fuck the world)
