

Nothing Less

Snak the Ripper

Yeah, these headphones on man
Dagad'aa dagad'aa - hahahahahaha
Yeah, yo

You could only, see what I've seen
Take a look through my eyes, even
You'd be surprised how the fuck I survived
I'm still alive
Act upon demons drifting by ?
Being hungry and deprive my second win ?
It's just a rob ?
It's second nature
The shit's my sixth sence
Cut through competition like a chaine ring? fence, my
Brain work different
These veines? run cold
Spooky Lou I got me done ?
You watch my words unfold

Every step, that I take
Advance to more steps
So I make
Realistic goals and don't hold my breath
I know my work, put in work
To you I must seem like a jerk
Break through barriers ?
Heavy and berserk ?
Got my killer mind
Look at all these victims
Document
Every moment 'till you know, exactly how I ripped them
I can't lie, this is the life that I lead

Eat, sleep, bleed, shit, rap, rince, repeat!

Another day, another breath
Another obstacle that's left
In my dust? before my death
I'm settling for nothing less
If life's a test yo
Then you can cheat of me
I'd rather skip the class, enjoy the sun and smoke some weed

What you see is what you get
Bloody knuckles, tears and sweat
Live my life with no regrets
What I need I'm gonna get
I make sure I don't forget
My future is never set
Possibilities are met
Easily or better yet
Got a natural ability to kill it with agility
Shit
Flexibility I'm beat like doing the splits ?
Criminal shit
Stick with every crime I commit
I'm on a fucking role

You ain't never seeing me quit

I ain't, never left
But it's my right for return
It's rightfull to learn
How my rifle will burn
But I don't pack a pistol or a ready loaded nuke'r?
I dress in black ?????????? like Freddy Krueger
I know to you, the shit might seem strange
But I know this shit about me that I just can't change
I won't lie
This is the life that I lead

Eat, sleep, bleed, shit, rap, rince, repeat

[Hook x 2]
