

Dancing With A Ghost

Snakehips

Oh
I just keep on dancing with a ghost
I can do it better on my own
I can do it better all alone
Oh
Yeah
Oh
I just keep on dancing with a ghost
I can do it better on my own
I can do it better all alone
Oh
Yeah

Better on my own
Better on my own

I know that you're gone now
Your shape in my mind is blurred out
I dream in the lights on the ninth cloud
Yeah, I'm just dancing with a ghost
I'm just dancing with a ghost
I know that you're gone now
Your shape in my mind is blurred out
I dream in the lights on the ninth cloud
Yeah, I'm just dancing with a ghost
I'm just dancing with a ghost

Oh
I just keep on dancing with a ghost
I can do it better on my own
I can do it better all alone
Oh
Yeah
Oh
I just keep on dancing with a ghost
I can do it better on my own
I can do it better all alone
Oh
Yeah

Better on my own
Better on my own

I'm just dancing with a ghost
I'm just dancing with a ghost
I can do it better on my own
I can do it better on my own
I'm just dancing with a ghost
I'm just dancing with a ghost
Oh, and I think I lost my phone
I'm too deep in the storm
