

# Déjà Vu

Snakehips

Yeah, yeah, yeah, yeah, yeah  
I'm feelin' your, feelin' your, feelin' your vibe  
(Based on truth, based on truth)  
And all of a sudden you look so familiar  
(Déjà vu, déjà vu)  
She been talkin' to me since way down  
I been talkin' to her since way up  
And no surf board, I'm on a wave now  
Yep, I'm on a wave now  
Who knows, only time will tell  
Don't throw your dreams down wishing wells  
There are more things that could fail  
Out myself, out myself  
Have to admit it to yourself  
And your lies when walls don't cry  
It's all good, it's all good when it's feel like

She been on my mind  
And I been on her mind all night  
She just wanna face time  
But I'm not in the right frame of mind  
She thinks I'm camera shy  
I swear I'm busy, I'm tryna meet these deadlines  
I went through this before  
Enough to know how it goes  
But who knows  
Who knows, only time will tell  
Don't throw your dreams down wishing wells  
There are more things that could fail  
Out myself, out myself  
Have to admit it to yourself  
And your lies when walls don't cry  
It's all good, it's all good when it's feel like

Feels like I've been here before, déjà vu  
Feels like I've been here before  
Feels like I've been here before, déjà vu  
Feels like I've been here before  
Feels like I've been here before, déjà vu  
Feels like I've been here before  
Feels like I've been here before, déjà vu  
Feels like I've been here before

It's aardvark on his 25th hour  
Self esteem just a little bit louder  
Please salute the Martian  
I'ma stand in my margin  
Tell 'em to remargin  
And we gon' have an origin  
See it's a shame what the world coming to  
So I had to fuck life and keep your girl coming too  
Amount to Mount Everest  
Ever seen shit it was never fresh and if I ever fear  
That'll be the day that I'm never fresh  
Fresh to death like fly ashes  
Future so bright, I don't know where the fuck my past went  
Yesterday was history, tomorrow is a mystery

And they just call it present 'cause today was a gift to see  
A lil' Eleanor in my reservoir  
Need America's barer model  
With a lil' more ass than a 24s  
Hopefully they can come in twos  
So I can give these bitches what they came for

Snakehips  
Hold your love  
Hold your love  
I'm not ready for it  
I got soul like I'm Frank  
We like Channel Orange  
I find it hard to believe  
When you tell me I'm the only one  
(It's all good, it's all good)

Feels like I've been here before, déjà vu  
Feels like I've been here before  
Feels like I've been here before, déjà vu  
Feels like I've been here before  
Feels like I've been here before, déjà vu  
Feels like I've been here before  
Feels like I've been here before, déjà vu

Feels like I've been here before, déjà vu  
Feels like I've been here before  
Feels like I've been here before, déjà vu  
Feels like I've been here before  
Feels like I've been here before, déjà vu  
Feels like I've been here before  
Feels like I've been here before, déjà vu
