I turn 5 to a ten  
I turn ten to a M  
God forgive my sins  
Bless this life I live  
No I can't take no hiatus  
Bitch I gotta be the greatest  
Bitch I gotta be the latest  
Bitch I gotta own your whole playlist  
Always in your face  
Fuck your core fan base they gone shop with me  
Fuck them 7 days straight your shit so weak  
Let's be clear this my year times like ten million plus two so fuck you  
Come fuck me baby girl I love you for one night  
Tat my face on your upper thigh  
It's a good problem to have no lie, run it up, count it up one more time  
Run it up, count it up

Run it Up  
Count it Up  
Run it Up  
Count it Up  
Run it Up

I'm so original rare hard to find  
Gotta make myself available  
One of a kind baby and it's not debatable  
Everyday for me for you is just occasional  
Shine from inside ain't hard to see  
Swear to God I ain't devil it's the carbon in me  
6 neutron strong like the mark of the beast  
Never be as bad as the business marketing me  
Hey  
Run it up  
We gon run it up  
He she she we they gon run it up  
And if my son son son son son son  
Don't see none then you know best believe I ain't done enough  
Yeah do you get it bruh?  
They don't get it bruh  
Nigga don't be talk bout none in particular  
Free my mind I could never be a prisoner  
This is my world you are just a visitor bay bay
