

Sometimes...

Snakehips

Sometimes
Get a little bit drunk
Get little messed up
Get a little bit oh my my
Get a little undone
Have little bit too much fun-un-un-un-un

Sometimes
Give a little less fucks
In the back of the club
And we're gonna be up all night
It's alright
I can do what I want sometimes

Been lost in my emotions
Been looking for a sweet escape
I'll show you where I'm going
I'll take you to a, a better place

Leave your worries with me
I'll be your remedy
Your hand pressed onto my cheeks
Play our songs on repeat
Lost in the melody
Come fade into it with me (Ah, ah, ah)

Sometimes
Get a little bit drunk
Get little messed up
Get a little bit oh my my
Get a little undone
Have little bit too much fun-un-un-un-un

Sometimes
Give a little less fucks
In the back of the club
And we're gonna be up all night
It's alright
I can do what I want sometimes

Do what I want, do what I like (Do what I want tonight)
Do what I want with my life (Ah-ah-ah-ah)
Say what you feel, say it tonight (Say what I feel tonight)
We can stay up, get high (Hi-i-i-igh)

We at Tokyo Valentino, sippin' vino
Mappin' out where we go after this, hell if we know
(Out to Planet Taboo) Or what would have you
Love to see your waterfalls, we can come to that too
(Ooh, do a light year on the dash) You can see her in the pass'
Other than your ass, it's the freedom that we grab
So put it all on my tab, on my tongue
(Doin' what I want) Let me see you go up
Show me how you get down
Love it when you go left to right (Right)
Girl, you know what I want
We ain't gotta take long

I'm just tryna figure out your vibe (Vibe)
You know you're good wherever I'm at
Smokin' like the science lab
Morning after nightcap
Girl, you know I'm like that
Changin' with the climate
If it feels natural, I never fight that

Leave your worries with me
I'll be your remedy
Your hand pressed onto my cheeks
Play our songs on repeat
Lost in the melody
Come fade into it with me (Ah, ah, ah)

Sometimes
Get a little bit drunk
Get little messed up
Get a little bit oh my my
Get a little undone
Have little bit too much fun-un-un-un

Sometimes
Give a little less fucks
In the back of the club
And we're gonna be up all night
It's alright
I can do what I want sometimes

Do what I want, do what I like (Do what I want tonight)
Do what I want with my life (Ah-ah-ah my life)
Say what you feel, say it tonight (Say what I feel tonight)
We can stay up, get high (Hi-i-i-igh)

Do what I want sometimes
Do what I want sometimes
Do what I want sometimes
Do what I want sometimes
