

# Poison

SNBRN

I know you can tell  
I can't break your spell  
What should we do now  
That I'm melting down?

And you're there, I found you  
I'm lost in the moment, moment  
'Cause your eyes shine through me  
And they let me frozen, frozen, yeah

Your eyes are like (Poison, poison)  
Your eyes are like (Poison, poison)  
Your eyes are like (Poison, poison)  
Your eyes are like (Poison, poison)  
Your eyes are like

Now we're stuck like  
Just the bass can explode (Pump up the bass)  
Guess I'll break the rules  
Since I can't break loose

And you're there, I found you  
I'm lost in the moment, moment  
'Cause your eyes shine through me  
And they let me frozen, frozen, yeah

Your eyes are like (Poison, poison)  
Your eyes are like (Poison, poison)  
Your eyes are like  
Like, like, like  
Your eyes are like  
Like, like, like  
Your eyes are like  
Like, like, like  
Your eyes are like

Addicted to your love, I'm  
I'm addicted to your love, I'm addicted to you, baby  
I'm addicted to your love, I'm addicted to you, baby

And you're there, I found you  
I'm lost in the moment, moment  
'Cause your eyes shine through me  
And they let me frozen, frozen, yeah

Your eyes are like (Poison, poison)  
Your eyes are like (Poison, poison)  
Your eyes are like (Poison, poison)  
Your eyes are like (Poison, poison)  
Your eyes are like
