

All my niggas with attitudes, like Eazy-E
She's not my lover, I'm just beating, that's Billie Jean
Oh, I got Keyshia coming round at 2 or 3
In the morning we might catch a train, that's jubilee
All my niggas with attitudes, like Eazy E
She ain't my lover, we just beating, that's Billie Jean

I'm a real bad boy like Eazy
How the hell can a chicken try beef me?
I ain't Section but I get squeezy
I make it ping, ping, ping like a BB
That's your chick, she was in my TT
Giving neck while I'm listening to DV
That shot got her spinning like a CD
Fuck love, she just wanna come beat me
Life of a real G
I've been linking and chilling, I'm fucking your ho
I'm still in the hood, take a look at my bros
And we're all getting money, you niggas are broke
My niggas, they laugh, we look at you niggas, you niggas are jokes

All my niggas with attitudes, like Eazy-E
She's not my lover, I'm just beating, that's Billie Jean
Oh, I got Keyshia coming round at 2 or 3
In the morning we might catch a train, that's jubilee
All my niggas with attitudes, like Eazy E
She ain't my lover, we just beating, that's Billie Jean

Take a look at me then, and look at me now
I struggled and hustled to stack all these pounds
When I was around, you niggas was clowns
I've been in the war, my scars are foul
Nigga, check me out, I came from the bottom
I pray every day that I don't drop down
I've been living this life every day, every night
Why did my nigga, my nigga just die?
I'mma do this for you, I'm a fucking baboon
Got me up in the mood, I be killing this tune
Fucking up the whole room, ladies love how I move
Bitch I do what I do, and I do what I want
When I want, I can stunt, make my way to the front
Made my way out the slums, fuck my haters, they're cunts

All my niggas with attitudes, like Eazy-E
She's not my lover, I'm just beating, that's Billie Jean
Oh, I got Keyshia coming round at 2 or 3
In the morning we might catch a train, that's jubilee
All my niggas with attitudes, like Eazy E
She ain't my lover, we just beating, that's Billie Jean
