

I Heard

Sneakbo

Everytime you hear Yungs and Bo
It's a club banger fam all the DJs know

Bare gyal, peng tings
Big batty, bedrins
Them man sending
These man let the lead ring
I heard, I heard them gyal are on us
I heard, I heard them man are on us
I heard, I heard them gyal are on us
I heard, I heard them man are on us

I'm from Brixton where niggas don't make it
So I woke up and said I gotta change shit
Now I'm on the playlist, pull up in a spaceship
Fuck around with me, I'll take away your bae quick
Ask them I grind like I'm fasting
I didn't know my daddy, I'm a bastard
My flows so nice, got it mastered
Don't you see this big black face charting
EA sports, in the game (I'm in the game)
Man's global nigga, what ya mean?
When mans local, strizzy in the place
Got a lil nigga with me, no face no case
We done came from the mud
It gets nuts when I'm with my nigga Yungs
Started in the shed, came up from the ends
Now we're doing it again, I feel blem

Bare gyal, peng tings
Big batty, bedrins
Them man sending
These man let the lead ring
I heard, I heard them gyal are on us
I heard, I heard them man are on us
I heard, I heard them gyal are on us
I heard, I heard them man are on us

Guess who's back with a banger
Gucci wardrobe, I'm back with the swagger
They say I've gone soft cos I'm climbing the charts
But my darg in the manor with a big fucking ladder
Feed the fam thats essential
These little broke boys stunting in their rental
60 bags on my whip, thats mental
You fuckboys probably couldn't pay my petrol
Head loss, I just made a banger and it went pop
I killed man already, here's a send off
Yard's so mad, they can't imagine how much my rent costs
Talking like he's bad, is he dumb?
Like this light never fucked his mum
Corsa soon home, the ends soon back to one
They don't wanna another Bo Bo and Yungs

Bare gyal, peng tings
Big batty, bedrins
Them man sending

These man let the lead ring
I heard, I heard them gyal are on us
I heard, I heard them man are on us
I heard, I heard them gyal are on us
I heard, I heard them man are on us
Bare gyal, peng tings
Big batty, bedrins
Them man sending
These man let the lead ring
I heard, I heard them gyal are on us
I heard, I heard them man are on us
I heard, I heard them gyal are on us
I heard, I heard them man are on us
