Take shots, then we get a bit tipsy
I'll have you whining up your body like a gypsy
Baby don't stress me, come and bless me
I'll never let another girl get the jetski

Cause you be my girlfriend and my bestie
Probably make a mill with your boo boos
Drop them other bitches, they be fought for
Girl, you know I love you like cooked food
I be giving you the world and my bamboo
You're nothing like the girl with the tattoo
But I can tell that you met a couple bad dudes
And I'll be that guy that's about to change your life
Tryna show you I've got real plans for you
