

Brixton baby
Lekaa Beats

Young nigga wanna fly OT
Cruisin' down the M-way with the OG's
All I ever wanted was a rollie
All I ever wanted was a rollie

All I ever wanted was a Daytona
Ring ring, trap from my Motorola
Rolex watch when I get older
Young nigga grind, never on the sofa
Cake up, then I get a day just
Never been the type stuntin' in a fake watch
I was making money 24/7
On my grind, you was broke on your broke ass beggin' now
My wrist game icy
Chain bling, jetski that's pricy
Look away and I won't take away your wifey
Even when I'm in the bricks, I stay shiny
Let a nigga try me, blood I work hard for this
Somebody gon dead if they rob my shit
You broke niggas better know the ting
Just know yourself
When you see me in my jewels

Young nigga wanna fly OT
Cruisin' down the M-way with the OG's
All I ever wanted was a rollie
All I ever wanted was a rollie

All I ever wanted was a rollie
I just wanna flex like the OG's
Shining, me and all my broskis
Come a long way, you would know if you know me
Lekaa beats
We just made a another hit
Made another hit, new rollie on my wrist
Strap lookin' nice, soon get a new crib
By my motherfucking broke niggas gonna die rich, lil bitch
What's your life like?
You're a sideman chillin' on a sideline
Bad bitches love give me fine whine
My life's live in the day and the night time
I remember all I wanted was a wristwatch
Now I'm [?] to the pole, I'm a big boss
So humble, but don't get me pissed off
'Cause that's when you fake niggas get switched off

Young nigga wanna fly OT
Cruisin' down the M-way with the OG's
All I ever wanted was a rollie
All I ever wanted was a rollie
