I got niggas from the gyp to the six (Drizzy Drake)
Got your baby mama talking 'bout my dick
I'm in the money lane whipping, I just got a new whip
You can smell the weed it's the piff
I'm on holiday, party on the ship
Couple bad bitches bringing out their tits
Look at us, we just run your ho, stack 'em couple drinks
All my niggas ready with the navy
If he's moving iffy I go crazy
I couldn't tell you why these niggas hate me
But I don't give a fuck I'm getting head in the Mercedes
Counting all this money like it's nothin'
Drop another hit and get it poppin'
Krep and Kones got the city buzzin'
Hallelujah fam I know they got the hottest album comin'

Big batty girl where your breats gone?
Get my sex on, then I put it in my next song
Woke up in the morning
Left your girls house, tiptoeing in my Jordan's
I get paid but I ain't news to her
The Devil wears Prada, she's Lucifer
Bareback, I ain't tryna have yutes with her
In the morning I go Boots with her
Shout my brother Bo cuh we been boys
Money talks, hear my invoice
We been quiet on purpose
Album coming got these rap niggas nervous
