

Sometimes I like to take a drive, just to clear my mind
On the motorway I'm puffing haze, getting high
Reminiscing, thinking 'bout them good times
For my friends that still around, I'd put my life on the line
I'm here, taking over this year, that's on José, I swear
Got all these rappers in fear, I'm killing all their careers
A couple labels aware, they're getting money prepared
I'm in the dark about to have a fucking secret affair
Yeah, so who's fucking with me?
I'm screaming fuck the other side, no competition for Sneak
We supposed to be a team, so why you tryna compete?
Not moving right so you got left and now I'm still on the scene
Feeling so fresh and so clean
That's why you man will keep hating on me
I cut niggas off quick, I'm with the smallest team
It's A-town, be calm, I'm with the realest of Gs

See, I don't think about you or think about them
I think about money, need to flip it all again
I've got my own issues, what's your fucking problem?
Cause I don't think about you or think about them

See, I don't think about you or think about them
I think about money, need to flip it all again
I've got my own issues, what's your fucking problem?
Cause I don't think about you or think about them

Picture how I feel, I ain't even got a deal
But still I'm popping, getting popping, shit's getting real
Still cruising, thinking how it's mad
Got stabbed, pussyholes got me seeing Mummy sad
Then I got bagged, bussed case, don got racked
I ain't on the petrol so I had to kick back
So bored, I made more and more tracks
On the jetski wave, I had the streets going H•A•M
With my own sound, I ain't no clone
I like now niggas tried rob me for my flow
But never for my chain, never for my fucking dough
If they ever do, rah, just to let you niggas know
I don't play no games, I'm on the roads
Tryna stack and maintain, I'm on my own
Can't be arsed with mind games, so I stay in my lanes
I don't watch no face, put boys in their place

See, I don't think about you or think about them
I think about money, need to flip it all again
I've got my own issues, what's your fucking problem?
Cause I don't think about you or think about them

See, I don't think about you or think about them
I think about money, need to flip it all again
I've got my own issues, what's your fucking problem?
Cause I don't think about you or think about them
