

## Touch Ah Button 2 (Jetski Wave)

Sneakbo

It's Sneakbo, let me show you the wave  
I still made it and I never got grades  
I grew up with the killers in the A  
Then I made it out the Brix on a Jetski wave  
Outside and they know, they can't get me  
I came with it, which pussy boy wan' test me?  
I can never let a bitch stress me  
I'm Jetski, all these bad bitches wan' sex me

Sneak to the Bo, I chase money not hoes  
And I got hella bullets for my foes  
Running through the streets with my woes  
And they thought I woulda died, I'm alive, Lord knows  
I'm sorry, excuse me shawty  
Come to my afterparty  
I'm in the South side with the dargies  
Ring ring, ring a few South side Barbies  
Jetski, still wanna dagger-dagger that  
I'm Jetski, still move madder than mad  
You know me, I love an African back  
Yeah that chick there look badder than bad  
How ya mean? How ya mean? How ya mean? How ya mean?  
I'm on the West side, eating Japanese  
I'm with a baddie and she speak Portuguese  
I just see them broke niggas outside Lebanese

It's Sneakbo, let me show you the wave  
I still made it and I never got grades  
I grew up with the killers in the A  
Then I made it out the Brix on a Jetski wave  
Outside and they know, they can't get me  
I came with it, which pussy boy wan' test me?  
I can never let a bitch stress me
