

# Really Want To See You Again

Sneaky Sound System

I don't want to talk about you  
But I really want to see you again  
I don't want to think about you  
But I really want to see you again

It was formed by the last like a blast from the past  
I was ruining the brakes with you  
Jump on the step, close my eyes, count to ten  
I was breaking all the rules for you

And I won't get the phone, only fools get me wrong  
I was wooed in the bed with you  
And the walls' good advice is imagining twice  
But I can't, no, I can't, I can't

I don't want to talk about you  
But I really want to see you again  
I don't want to think about you  
But I really want to see you again

Now don't get me wrong, only fools get me wrong  
I was a mess when I was with you  
Stars would align then I kinda made them shine  
No, I can't, I can't, I can't

I don't want to talk about you, but I really want to see you again

I don't want to think about you, but I really want to see you again  
I don't want to think about you, but I really want to see you again  
I don't want to talk about you, but I really want to see you again

Can't fight this feeling, I don't understand it  
It makes me just want it again and again  
Can't fight this feeling, I don't understand it  
It makes me just want it again and again

I don't want to talk about you, but I really want to see you again  
I don't want to talk about you, but I really want to see you again  
Can't fight this feeling, I don't understand it  
It makes me just want it again and again

Can't fight this feeling, I don't understand it  
It makes me just want it again and again  
I don't want to think about you, but I really want to see you again  
I don't want to talk about you, but I really want to see you again

Can't fight this feeling, I don't understand it  
It makes me just want it again and again  
Can't fight this feeling, I don't understand it  
It makes me just want it again and again
