

Hungry Eyes

Sniff 'n' the Tears

This line I shoot has no disguise
Straight from the rim no end in sight
So if you need proof that I'll survive
Then take one look at these hungry eyes

Hungry eyes hungry eyes
Just take one look at these hungry eyes

No fortune teller's crystal ball
Can shut me out or make this heart feel small
I've just one shot in my lifetime
I'm gonna rule the roost you suckers stand in line

Hungry eyes hungry eyes
Just take one look at these hungry eyes

Fancy women fancy cars
Fancy talk in fancy bars
I'll live the life that money buys
To hide what lies behind these hungry eyes

Hungry eyes hungry eyes
Just take one look at these hungry eyes
