

Moment of Weakness

Sniff 'n' the Tears

Bad luck's been dogging me
But tonight I'm gonna see it through
Gonna hop right into that car of mine
And come driving round to you
We'll meet up in the same old place
We met a hundred times before
And we'll eat in the same restaurant
And talk the same old talk

And if you want to know what happened to me
And if you want to know what I did
I telephoned in a moment of weakness
I telephoned in a moment of weakness

I've been feeling lonely lately
But then the wheels were running slow
Afraid to talk to strangers
And even the people that I know
I look around and all I see
Is private people private lives
That was why I thought that we
Should maybe try it one more time

And if you want to know what happened to me
And if you want to know what I did
I telephoned in a moment of weakness
I telephoned in a moment of weakness
