

## Pray

## Sniff 'n' the Tears

Wake up it's another day  
The sun shines just for you  
The garden's blooming, life is zooming  
The sky is always blue

City of diversity  
Citadel of dreams  
Where all tomorrow's parties start  
And nothing's what it seems

Pray harder  
Pray for love to save us  
Pray longer  
Pray

Beautiful machinery  
Gleaming in the drive  
Holidays in paradise  
So good to be alive

The birds are back from Africa  
Blackening the sky  
They flew a thousand miles to be  
Crying by your side

Pray harder  
Pray for love to save us  
Pray longer  
Pray
