

I Didn't Mean To Fall In Love

Snoh Aalegra

I tell you all my secrets, yeah, yeah
I'm lovin' you more each day, oh, yeah, yeah, yeah
It's hard to, hard baby, both love so hard
Emotions'll start, the feels I be on
Oh, I forget...

'Cause here I am, I don't understand, no
How you just came around and
You stole my heart

'Cause I didn't mean to, baby (Mean to fall)
I didn't mean to fall in love (Fall in love)
I didn't need you, baby
Tell me we'll never be apart
Oh, I didn't mean to, baby (Mean to fall)
I didn't mean to fall in love (Fall in love)
Now that I need you, baby (Need you, baby)
Tell me we'll never, never part (Never be apart)

Oh, need you (Woo)

Oh, you got my attention (My attention)
And there are no second thoughts, no-no-no, no, no
Always knew you were pretendin', yeah-yeah-yeah, yeah, yeah
Since love was always around, baby (Always)

So here I am, I don't understand, no
How you just came around and you (You just came around)
Stole my heart

I didn't mean to, baby (Mean to fall)
I didn't mean to fall in love (Fall in love)
Now that I need you, baby
Tell me we'll never be apart
Oh, I didn't mean to, baby, no (Mean to fall)
I didn't mean to fall in love (Fall in love)
Now that I need you, baby (Need you, baby)
Tell me we'll never, oh, never part (Never be apart)

Oh, oh, yeah, yeah
I didn't mean to fall, baby
I didn't mean to fall, baby
Now that I need you (Need you)
Now that I need you (Need you)
Now that I need you (Need you)
Oh, yeah (Need)

I didn't mean to, baby (Mean to fall)
I didn't mean to fall in love (Fall in love)
Now that I need you, baby
Tell me we'll never be apart
I didn't mean to, baby, no (Mean to fall)
I didn't mean to fall in love (Fall in love)
Now that I need you, baby (Need you, baby)
Tell me we'll never, never part (Never be apart)

Oh, yeah, yeah, yeah (Woo)
