

Njoy

Snoh Alegra

It's the last time I'll speak on it
'Cause you ain't that important
It's the last time I'll sing about you
You search for me in every woman you see
I know for a fact I ain't coming back
She can't love you like me, no
No more late nights
No more late nights, no, I'm done with that
Enjoy, enjoy
Hey
I'm done
Won't you come back, hey
