

The Fall

Snoh Aalegra

I don't wanna make a scene now
I just think I need to leave now
I just wanna turn around and be who I'd once been
Lost in the dark for so long
How could I be so wrong?
But now I know

Inside I'm burnin'
Baby, you've burned me out
How does it feel, knowin' you just shot us down
And now we stand here so empty
How is this real?
This time I'm out

So I, I lay, lay my weapons all down
And I, walk away and make no sound
As lies fall like bombs on the ground
Endin' all around

Welcome to the fall
Welcome to the fall
Welcome to the fall
Welcome to the fall

I don't even want to hear you
Why the hell would I believe you?
All of your words and "I love you"'s are overused
Been out of my mind for so long
How could I be so wrong?
But now I know

Inside I'm burnin'
Baby, you've burned me out
How does it feel, knowin' you just shot us down
And now we stand here so empty
How is this real?
This time I'm out

So I, I lay, lay my weapons all down
And I, walk away and make no sound
As lies fall like bombs on the ground
Endin' all around

What's done is done
Time won't go back for for anyone
Your hold on my heart has left me numb
Damn we've been through it all
We've been through it all

Welcome to the fall
Welcome to the fall
Welcome to the fall
Welcome to the fall
