

# Defeated

Snoop Dogg

Father, we pray this morning for the spirit of wisdom and revelation, and the knowledge of Jesus Christ  
We thank You and we pray for the sick, the shut-in  
We pray for the young people, we pray for the babies  
We pray for everyone that's sick this morning  
Everyone that's lost this morning  
In the name of Jesus, we thank You  
Hallelujah, we thank You for Your love, we thank You for Your power, thank You  
For You are greater than all

Satan, the Lord rebuke you  
Satan, the Lord rebuke you  
Satan, the Lord rebuke you  
He's defeated again

Changed my hustle to witness  
All the things I did wrong  
Gave me a brand new message -  
Gave me a brand new song  
So now I can't be threatened  
By the drama and the tricks you bring  
For I will not be defeated -  
For there is joy in the song that I sing

(Satan)  
Satan, the Lord rebuke you. (Oh Satan)  
Satan, the Lord rebuke you. (Satan, the Lord Rebuke you)  
Satan, the Lord rebuke you. (Ooh, yeah yeah, yeah yeah yeah yeah)  
He's defeated (defeated) again (again - everybody)

Satan, the Lord rebuke you. (Ooh, Satan the Lord rebuke ya')  
Satan, the Lord rebuke you. (Rebuke you, yeah)  
Satan, the Lord rebuke you. (You are defeated)  
He's defeated again. (again - listen)

Open your ears - open your eyes  
Everything you're trying to do  
You gotta know, gotta reinvent it  
(Or we will) never gain and introduce to you. (oh my)  
The enemy promised (enemy, he promised) said he promised  
He'll steal and destroy  
But the Bible says, no weapon formed against me  
Will prosper or take my joy!  
My joy!

Satan, the Lord rebuke you. (Wooh! Satan, the Lord rebuke you.)  
Satan, the Lord rebuke you. (Hah, Ooh, Satan)  
Satan, the Lord rebuke you. (Rebuke you - yeah)  
He's defeated again. (Defeated wooh - everybody sing)

Satan, the Lord rebuke you. (He is)  
Satan, the Lord rebuke you. (He's rebuked in here, he is)  
Satan, the Lord rebuke you. (Yo Snoop, y'all break it down for me)

He's defeated (Can I get a real witness in here)  
He's defeated (Now I don't look like the things I been through, somebody hel

p me)

He's defeated (Can you grab somebody's hand and rock with me, good evening)

He's defeated (I need a few of the holies to open your mouth and say it with  
me - oh!)

He's defeated (I don't fear the terror by night)

He's defeated (Nor do I fear the arrow by day, uh huh)

He's defeated (Jesus made me a promise)

He's defeated (He has all power in His hand)

He's defeated again!

(Oh Lord, we rebuke the devourer and deceiver...)
