

Half Steppin

Snoop Dogg

(Cannon, Cannon went crazy)

From the bottom, ain't no half steppin'
I'm the dog, I made it through, so they don't ask questions
Long Beach, and it ain't no half reppin'
Once a dog, always a dog, so they don't ask questions
From the bottom, ain't no half steppin'
I'm the dog, I made it through, so they don't ask questions
Long Beach, and it ain't no half reppin'
Once a dog, always a dog, so they don't ask questions

Tell 'em, never question Dogg, I'm sitting goat status
Eatin' chicken with my G ans smokin' on some cabbage (Ah)
Used to pet up on that shit with my flow out
Whole lotta bunnies flocking, tell me when I roll out
I been rolling on dubs, coin collecting, keep it sonic blue
Blue rags and house shoes, they know how the dogs do
Skinny nigga, heavy pockets, the West so G
Can't a nigga 'cross the globe say they don't know me
Been applyin' pressure from A to 24 like Kobe
Mr. Hall Of Fame, used to bend the corners with strolleys
Had to lay the blueprint, they rolled out the carpet (What?)
Anything I want, I own, I got my own market
Blew this, blew that, everything beautiful
Still ain't sold my guns, and I still ain't had to use 'em, though
Was once a hard head, now I'm counting blessings
I made my own way, still they don't ask questions

From the bottom, ain't no half steppin'
I'm the dog, I made it through, so they don't ask questions
Long Beach, and it ain't no half reppin'
Once a dog, always a dog, so they don't ask questions
From the bottom, ain't no half steppin'
I'm the dog, I made it through, so they don't ask questions
Long Beach, and it ain't no half reppin'
Once a dog, always a dog, so they don't ask questions

I can't name a thing that I didn't have steppin'
From the streets to movie screens, been getting bags and checks
Kept it solid, you won't hear me with no bad rep
Legendary crippin', made it happen, and that's on the set
Still rollin' on gold things, I'm a boss nigga, know I got it all
Chuck Ts with the white tips, it's Long Beach when I make the call
Gave us Tangarang, now it's Indigo, I be drankin' my own shit
Still high as blue skies, no questions asked, 'cause I own shit
Never been a sucker or a buster, I'm on my Dogg shit
Gangstas universal, only real ones that I talk with
Hated as a puppy, better loved, now I'm full grown
West Coast general, know that money real long
Legendary, please don't make me pull that rag out
A call away from scenes yellow taped and blacked out
Black and yellow, still is on my big Benz shit
Quarterbackin', I'm the one they come to win with (Yeah)

From the bottom, ain't no half steppin'
I'm the dog, I made it through, so they don't ask questions
Long Beach, and it ain't no half reppin'

Once a dog, always a dog, so they don't ask questions
From the bottom, ain't no half steppin'
I'm the dog, I made it through, so they don't ask questions
Long Beach, and it ain't no half reppin'
Once a dog, always a dog, so they don't ask questions
