

Keep it Moving

Snoop Dogg

Keep it moving, dawg

Moving

Rick Rock beats

Keep it moving, keep it moving (Moving)

Moving, moving, moving, moving

Keep it moving, keep it moving (Moving)

Moving, moving, moving, moving

Keep it moving, keep it moving (Moving)

Moving, moving, moving, moving

Keep it moving, keep it moving (Moving)

Moving, moving, moving, moving

Keep it moving, keep it moving (Moving)

Moving, moving, moving, moving

Keep it moving

Self-made, God-fearing

Complete unknown, I'm like Bob Dylan

My nigga, duplicate it every five minutes

Stepping on my shoe print 'cause I got the blueprint

What it do? One or two

Take a look up, this is my point of view (Moving)

I talk with my daughter, walk with the Father

My pen again, then again, why even bother?

Too much to do with no time to waste

My face in the place, I'm back on the case

G-T-A-Q-B-C-J, she say, he say, we say

Keep it moving, keep it moving (Moving)

Moving, moving, moving, moving

Keep it moving, keep it moving (Moving)

Moving, moving, moving, moving

Keep it moving, keep it moving (Moving)

Moving, moving, moving, moving

Keep it moving, keep it moving (Moving)

Moving, moving, moving, moving

Well, it's the motion of the ocean, put the glide in ya slide

Take a trip up the universe, nigga, you the first

They showed us how to do that back when no one knew that

Break up to make up, and then you brought the crew back

Death Row, nigga, back up in your grill again

This time, we about to make us a billion

Really in everywhere you look

In the Crippin' Kitchen, went from crook to cook, yeah, that's the cookbook

Snoop Youth Football League, yeah, that's a good look

You get your nickname with your game, they call him Nook Nook

Hustle hard, stay focused

Whippin' it and flippin' it, this could be the difference

Keep it moving, keep it moving

Moving, moving, moving, moving

Keep it moving, keep it moving

Moving, moving, moving, moving

Keep it moving, keep it moving

Moving, moving, moving, moving

Keep it moving, keep it moving

Moving, moving, moving, moving

Keep it moving

Say, man, either you moved in or you moved out
Either you tuned in or you tuned out
Ya dig?
We gon' keep it moving
Say, cuz!
What up, my nigga?
Shout out to my blood cousins too
My nigga
Keep it movin', dawg
Rick Rock!
Shon Lawon on the board
Moving
