

# The Price Went Up

Snoop Dogg

Now that we all fucked up, it's time for me to introduce you  
To the first Lady of Death Row Records  
I'm talkin' about the Bay Area's very own Ms. JANE HANDCOCK  
And oh yeah, yesterday's price is not today's price  
So says Jane Handcock. You dig?

Price went up for my pussy today  
Niggas want smoke Imma bring the grenade  
I'm loving on myself took me on a date  
This year not playin' 'bout me  
Always show love haters gonna hate  
Gotta figure out what I'm wearin' today  
Yeah I got his number but ain't save his name  
This year is all about me

I had to dig into my bag to see my worth  
Used to give so much of myself that it hurt  
I told that person in the mirror it's your turn  
I done killed all my nightmares and turned 'em to dreams  
Big Queen tings when I slide through  
Imma keep it cute if I like you  
Everybody call me when they need me  
I know I can make it look so easy  
Takin' back my time gotta earn it  
I'm a blessing when I fall through  
Baby tap in I ain't finna call you  
I'm a good girl boy don't make me dog you

Price went up for my pussy today  
Niggas want smoke Imma bring the grenade  
I'm loving on myself took me on a date  
This year not playin' 'bout me  
Always show love haters gonna hate  
Gotta figure out what I'm wearin' today  
Yeah I got his number but ain't save his name  
This year is all about me

Hey, had to learn I gotta bet on myself  
Shit I almost lost my mind  
I can't depend on nobody else  
Ooh, a lot of shit I had to let go  
I see what is going on  
And I done took control

Price went up for my pussy today  
Niggas want smoke Imma bring the grenade  
I'm loving on myself took me on a date  
This year not playin' 'bout me  
Always show love haters gonna hate  
Gotta figure out what I'm wearin' today  
Yeah I got his number but ain't save his name  
This year is all about me
