She came straight from the ghetto
Ass all on the strip pole
Cashed out with' a bankroll
Now she focused on college (eyy)
And I know that she polished

Now he locked down on death row
Independent, she got it
And I know I'm a get her
And she know that I want her
Five star in my city
Need that in my corner
Five packs for the fifty
Posted up on the corner
Used to watching her daily
Walk to school from my corner

Let em know I'm the owner
Thorough bred, and I know so
All about her gold robe
Dude must be loco
That's why I won't let go

If he did he wouldn't put you through
All the things that he put you through
Now a street nigga wanna fuck with you
