

## And the Moon

## Snow Ghosts

And the sunless falling  
Who will catch her tonight  
I run for miles over broken stones  
Bleeding feet and aching bones

But I won't stop tonight  
For my body still has fight  
Case the daylight never comes

No, I won't stop tonight  
For my body still has fight  
Case the daylight never comes

And the Moon  
Comes back at me  
And the stars  
Hold hungrily

And you fall  
Under the spell  
Under the spell  
Under the spell

And you fall  
Under the spell  
Under the spell  
Under the spell

I run for miles over broken stones  
Bleeding feet and aching bones

But I won't stop tonight  
For my body still has fight  
Case the daylight never comes

No, I won't stop tonight  
For my body still has fight  
Case the daylight never comes

And the Moon  
Comes back at me  
And the stars  
Hold hungrily

And you fall  
Under the spell  
Under the spell  
Under the spell

And you fall  
Under the spell  
Under the spell  
Under the spell
