

## Curse

## Snow Ghosts

I hare away  
You always play your part  
Trip through the veil  
A curse across your path

I am the moon  
The shimmer in your eyes  
Taken too soon

This way madness lies  
This way madness lies  
This way madness lies  
This way madness lies...

Take your mark  
Take your mark  
Take your mark  
Take your mark

(I'll follow you, I'll follow you)

(I'll reap all you sow)

(A curse upon your house and all who lay there)  
(You carved upon her door you best obey her)
