You've better go out and do better  
Get a job, get a bitch, get some positive shit  
Get a mob into it, get some profit and flip  
Everything you ever wanted it's not impossible bitch  
Get up off your lazy ass and just go get it

You know I be getting it, getting it, getting it  
You know I be getting it, getting it, getting it  
You know I be getting it, getting it, getting it

Bet you, I'm a get it, I ain't trippin' 'bout no hater bitches

I'd be hitting the party with five chicks  
And I'm probably leaving all these kids  
Calling for my hips  
Got a bunch of them behind me  
And all up on my shit  
I be getting it, I got it, I'm all about profit  
I be all in the function I'm steady red cuppin'  
I'm whooping their asses, I flip a cup  
I'm young and I'm loving the life in the club  
And I'm getting that bread and I'm a get enough

You know I be getting it, getting it, getting it  
You know I be getting it, getting it, getting it  
You know I be getting it, getting it, getting it

Bet you, I'm a get it, I ain't trippin' 'bout no hater bitches  
My team and I winnin' I ain't finna sit debate it with em  
Bet you, I'm a get it, I ain't trippin' 'bout no hater bitches  
My team and I winnin' I ain't finna sit debate it with em  
With em, I ain't finna sit debate it with em (wi-with em)
