Got held back before I get two shots pucket

Get your ass wock or flock, said stupid

Trying to come up my block, took him

For everything you get shaken

Cause around here it is going down like Snooki

Get the hell back or get your shit took

By a mean ass team but you ain't getting no love

How the fuck else you think that

I walked in with 25 guys in this club

Taking orders from a short ass chick

That still don't give a fuck (That's me)

You just bought the bar and this night is getting hectic

Leaving Texas, DF'ed the VIP section

Exit if drinking and smoking ain't on your checklist

Cause we got that fire and your bitch like 'Purple take this'

Yeah! Oh let's do it

Oh let's do it, oh let's do it

Yeah! Drug dealing music

I influence, I influence

One shot, man down, his brains go "ka-pow!"

Ow, that shit hurt, so don't fuck around

But that happen often off in Riverdale, Georgia

You gonna pay the life you live off in Riverdale, Georgia

They gonna lay your ass out, rock you to sleep like a baby

Hit Squad, shawty, in the hood we got them babies

Ever since they killed my nigga Travis

Start popping pills and acting crazy

Ever since they killed my nigga Travis

Start popping pills and acting crazy

Yeah! Oh let's do it

Oh let's do it, oh let's do it
