When I come up in here, everybody be my buddy
Then they wanna wonder why my cup ain't getting muddy
I don't wanna be around anybody that didn't love me
When I wasn't in a Benz and a crib, I'm sorry
I ain't really good with the fake shit
I'm a minimalist, I'm not basic
Gettin' better with it but y'all crazy
All you Hollywood bitches invasive
With the what and the where and the how the fuck
Til I brick wall bitches so they outta luck
And I don't really be knowing who the fuck gassin' 'em
But after this your confidence gotta bust
Cause a nosy little bitch gotta shut up
If you really know a bitch, say what up
If you're broke then you better shut the fuck up
Don't talk if you don't do what you wanna
Look, all of a sudden it's quiet
If you ain't a real bitch like I am
