

Freaky Like That

SNOW WIFE

If we could be alone tonight
I'd show you where the party's at
If we got in a kitty fight
I'd let you be champion
If you could have your way with me
Then you should know to strike a match
Cause I'm a pyromaniac
And I see that your into that

Ooh
I'm with my bitches dancing all across the room
I think accidentally kissed like one or two
And she's so into me like I am into you
Are into that?
Then you should

Put your hands on my back
If you really freaky like that
Pull your belt to my ass
While I shake it shake it like that
Kiss my friend, dirty dance
You ain't never gotta hold back
Put your hands on back
If you freaky freaky like that

This pussy
Is better than
Ketamine
My face card
Is part of
My legacy
I'm too hot
To work a job
Or sit around my house
Cause pussy
Is better
With everything

And I'm the keeper of a million things
The type of woman to initiate
And I'm a sucker for a sweet escape
And all in all
This the really turns me on

Ooh
I'm with my bitches dancing all across the room
I think accidentally kissed like one or two
And she's so into me like I am into you
Are into that?
Then you should

Put your hands on my back
If you really freaky like that
Pull your belt to my ass
While I shake it shake it like that
Kiss my friend, dirty dance
You ain't never gotta hold back

Put your hands on back
If you freaky freaky like that

This pussy

My face card
