

# Anything For You

Snow

I will do any anything just for you  
Make you feel happy and I never make you blue  
I will do any anything just for you  
Sacrifice my love I couldn't live without you  
This is why, why  
This is why, why

Saw you're face above your body into part two  
Ah when I take her home and ride her like a choo choo  
But your mouth in a me face above my face I did screw  
where I say "i do"  
Take a trip down to jamaica for romantic honeymoon  
dance to the right tune  
Say sugar yes it's sweet but not like sweet like you

No one makes me feel quite like you  
With the things you say my love  
(the things you do)  
This is why, why  
This is why, why

You were the right one when first I saw you  
To me you are so special and it's true

is body might be everything  
When I'm with you I just jump and prance  
Now each passing day I would love to spend with you  
just another my love is so true  
The feeling's are so strong, I hope the feeling's mutual  
Heaven sent from above it's pure and natural  
There's no other way to describe the love it wouldn't be a lie  
I love you much til the day I die
