Snow

This is mega mega breakdown,
So give me the crown
So i can flip as a lyrics needs ad lib
I shootin' with the gift
Lift like a twelve gauge
Leavin' in a daze
Cause snow is in a rage
Praisin' like a preacher
Knowledge of a teacher
Wicked as a tyrant
Heritage irish
No not jamaican,
Moves i ain't fakin'
It would be mistakin'
For me to be taken
I'll buy another
So run for cover
And when i strike
Take flight like nikes
Cause i come solo
Aka snow
And when i let you know
You got a hardway
Hard long and stiff
But that's only if
You decide to riff and get flipped
Flipped like a hooker
Paid full in time
I'm known to design
I sing, chant and rhyme
The week that i trample
So here's an example
I am ample - yes i am ample
Swift with the tongue
My new style of drum
I got real busy like a bee and then i stung
Well changing up the styles
And into the piles
Swinging through the files
Cause i'm a

Creative child...
