

Let's Get It On

Snow

I've been waiting much too long
For me and you to get it on
Let's get it on baby

I've been waiting much too long
For me and you to get it on
Let's get it on baby

Used to be sunshine on those cloudy days
And you took your lovin' lovin' and you went astray
Used to give me all your love and then you hold me tight
Now the tears are runnin' down in the middle of the night
Me say back up hold on slow down wait a minute
You canna give a love if your heart's not in it
But a you then love there aren't no other
Cause girl when I been hurt I need another lover

Been waiting too long for a love that's true
I never need them a once me say brand new
Treat them nice and treat them right and holding me tight
Then sex me and caress me in the middle of the night
Me say back up hold on slow down wait a minute
You canna give a love if your heart's not in it
Cause in a me heart in a me Snow my loving is strong
Now I'm searching for the lady with the red dress on

Used to be sunshine on those cloudy days
And you took your lovin' lovin' and you went astray
Used to give me all your love and then you hold me tight
Now the tears are runnin' down in the middle of the night (hear this)
Listen for me, now listen for me
Have a lock that's in your heart
Now won't you give me the key
It's you that I need
Been waiting too long
So it's nice that Daddy me Snow me I fi carry on
