

## Crossroads

**Snowy White**

I don't mind if I am misunderstood  
I even think it might do me some good  
I don't care what the others say  
I'm expecting some people to put me away

I'm at the crossroads  
The wheels are turning  
I'm at the crossroads

I'm at the crossroads  
The bridge is burning  
I'm at the crossroads

I can't do it if it ain't my way  
When the feeling is right, that is when I play  
I don't mind what the others say  
Do what you like 'cause I am minding my way

I'm at the crossroads  
The wheels are turning  
I'm at the crossroads

I'm at the crossroads  
The bridge is burning  
I'm at the crossroads

I'm at the crossroads  
The wheels are turning  
I'm at the crossroads

It's time for change
