Falling

Snowy White

Feel like I'm falling down
It's like I've lost my way
My world spinning 'round
While my time slips away

And now I'm on my knees
Without the strength to pray
You were holding me
But you let me go

Now I'm fading away
And I'm falling
Falling down
Yes, I'm falling down

Now I'm falling
I'm falling down
Yes, I'm falling
Yes, I'm falling down
