

Get Responsible

Snowy White

There's a good reason for the shape we're in
We got wars, we got famine and original sin
I wonder how long we're going to be around
With this pollution in the air and this poisoned ground

Everybody knows, that's the way it goes
Everybody sees but nobody believes
There's a good reason why we don't see
We keep our eyes closed to reality

People don't care still playing fast and loose
I'm just the same I'm gonna cook my goose
Everybody sees the burning of the trees
Everybody knows there's plastic in the seas

Everybody get responsible, everybody get responsible
There's a good reason for the shape we're in
Fools making trouble about the colour of your skin

We got to do something to save our only home
But everybody's looking at their mobile phone
And everybody knows, that's the way it goes
Everybody sees but nobody believes

Everybody talks, everybody cries
But if we don't do something...
Everybody dies...
Everybody get responsible
Everybody get responsible
