

Hot Saturday Night

Snowy White

The dance hall is steaming
It's full to the ceiling
And you can't sit down
You know you can't sit down

Fingers are itching
'Cause the blues is playing
That makes me feel so good
That I just can't sit down
Got the feeling
It's gonna be another long hot Saturday night

Turn up the volume
Feel the floor 'bout shaking
Make me feel so good
I just can't sit down

Just what I need
You know my knee is off quacking
But I can't sit down
You just can't sit down
I guess it's gonna be another long hot Saturday night
Let's keep on moving

You can't sit down
You got to keep on jumpin'
On this real hot Saturday night
No you can't sit down

No you can't sit down
You got to keep on groovin'
It's a real hot Saturday night
Groovin' all night long

You know you can't sit down
You got to keep on jumpin'
On this real hot Saturday night
You know you can't sit down

You got to keep on jumpin'
It's a real hot Saturday night
Jump all over me, baby
