

## Longtime Blues

**Snowy White**

Somewhere inside of me  
A place where I can rest in peace  
I tread a fine line  
Always on the edge of my time  
But I was never really low-down  
There's no doubt about it  
I'm still living with my longtime blues

Somewhere inside of me  
A lifetime of memories  
I had such a good time in the firing line  
'Cause I always knew I'd make it through  
And I've still got that feeling  
Of living with my longtime blues
