

Red Wine Blues

Snowy White

I'm just sitting here thinking
Drinking some good red wine
Thinking about my lovely lady
Coming for peace of mind

I got the red wine blues!
But ain't too bad
Help through the day
Let me forget the pain I feel

She's so far away
I got the red wine blues
I got the red wine blues
But ain't too bad...

Help me through the day
Make me forget the pain I feel
She's so far away
I got the red wine blues
