

## Whiteflames Chill

Snowy White

Sitting in the sunshine  
Watching all the girls go by  
There's Max the Hat, drinking his wine  
He don't want to do-or-die

He's just sitting in the sunshine  
Yes he's sitting in the sunshine  
Sitting in the sunshine  
He got everything he needs

Juan and Walter chilling out  
Nothing on their minds today  
So they pour themselves another glass  
Watch the sun go down across the bay

They're just sitting in the sunshine  
Sitting in the sunshine, while I play my guitar  
All the guys are chilling out  
The White Flames band is chilling out  
All the guys are chilling out  
Yes, we got everything we need
