

## Deeper

## So Solid Crew

You think i'm deep?  
I go deeper than the graves  
Where they bury the foot and mouth sheep  
Take a look in my mind  
Take a peep  
Girls mind when you sleep 'cause  
Boom-only i wonder why  
Boom- on it we'll never die  
Nein in German is nine  
Never go there, never combine

These lyrics are just to fill in the time  
Until i'm ready to blow your mind  
So Solid in time  
Bubbler, Swiss, MC Romeo  
Lisa Maffia with the Jarrell  
Oh No

Promoters when you pay me  
Don't screw up your face all bent  
All your doin is refunding me  
For all of the raving money i spent  
That was to pay rent  
Haterz don't go and be like that  
Screwing up your face in the dark  
Don't let me get dark  
Don't let me go in the boot of my car  
Thats in the car park

Ladies chill  
Take your Monday pill  
Please don't grill  
Romeos on the mic and i'm still  
Keeping it real  
Until  
I make a milllllion of the pounds them  
With my lyrical sounds them  
Turn up the speaker then  
'Cause i wanna go deeper then-a  
Let me go deeper then

I wanna go  
Back in the days when i never had nothing then  
Never had enough money to buy all the sweets in the shop  
So i put back some of them  
Life was harder then  
Hey afro, never go barber then  
Grew up in a single parent family  
Without no father then  
So my mum took up harder then

On a scale of 1 to 10  
Mum gets 10  
Shes like one of the ravers them  
up there chilling in V.I.P with her friend Don't bother them then

Romeo and Lisa

Don't leave out the maffia  
Lyrical flow so buff-ia  
So Solid taking you deeper  
On the mic i get a  
Slow flow to  
Bubble on the double to  
And leave out the trouble to

Rock garage, rock car park flows  
Different beats, different tempos  
Different lingos  
Thats the way it goes  
Voice slows, who knows  
Romeo's voice slows  
Speed up the tempos  
Then lick you with the new flows  
I'll lick you with some brand new stuff and that  
I'll spark lyrics, i've got nuff of that  
I'll big up the girls them buff and that  
Press, bump, enough of that  
No lyrical flow, slow, sound  
I speed up again  
As i come again  
Lick you with a new trend  
Different begginings with different ends  
Setting different flows and different trends  
It starts where it ends  
If its straight then it bends  
If it gels then it blends  
Should i carry on? That depends  
Only if you give me a deadline  
Ladies mmm mine  
Give me 29 seconds to chat this rhyme

Romeo and Lisa  
Don't leave out the maffia  
Lyrical flow so buff-ia  
So Solid taking you deeper  
On the mic i get a  
Slow flow to  
Bubble on the double to  
And leave out the trouble to  
(2x)

I'm gonna lick you with a slow flow  
Speed it up and here i go  
My lyrical flow  
Swear its too hot  
Now look there too cold  
Whats new can never be old  
Lisa the priceless diamond (Lisa hey)  
That can never be sold  
Swiss produce that track  
Give me that beat for my lyrics to unfold  
Explode  
Release that deeper story  
Thats never been told  
Could never be us could never be garage  
Gonna lick you with the car park flows  
Voice slows, then speed up the tempo  
Oh No

I wanna go dee-E-per, dee-E-per

Romeo,  
Here i go (Romeo)  
I don't believe in fans  
I believe in supporters  
And i don't like reporters  
Hypocrites, parasites, perpetrators  
Especially haterz

If you don't like me  
Don't watch TV, 'cause i'm all over it  
If you hate me  
Your an obstacle in life, i'm gonna jump over it  
My lyrics pause  
To give you enough time  
To give me a round of applause  
I'm breaking rules and laws  
To support the cause  
And open doors for garage music  
Romeo's voice slows and i'm gonna use it

I wanna go deeper (Deeper, deeper)  
Back in the day when i blew my first speaker  
I wanna go  
Dee-E-per, dee-E-per (Deeper, deeper, deeper)  
Blow da spea-E-ker, spea-E-ker (2x)

I wanna go dee-E-per, dee-E-per  
Blow da spea-E-ker, spea-E-ker  
Listen to the cree-E-per, cree-E-per  
Buy clothes chee-E-per, chee-E-per

Dee-E-per, dee-E-per  
Blow da spea-E-ker, spea-E-ker  
Go with the cree-E-per, cree-E-per  
And then buy clothes chea-E-per
