

Wake Me Up

So They Say

I feel like I'm at the top of my game
Karma just snitched and I got the blame
I lost control of my arms and legs
You may have the candle but I have the flame

I never used to feel so sick and tired
I remember when we used to stay high for hours

One minute it's here and then it's gone

Will somebody wake up?
Will somebody wake up?
Will somebody wake me up?

Will someone please wake me up?
Will somebody wake up?
Will somebody wake me up?

Monkey see, monkey do, now you're all alone
We're killing ourselves in vain and moving slow
So stop me if I sound too predictable
Misery's a mask that's worn by most

I never used to feel so sick and tired
I remember when we used to stay high for hours

One minute it's here and then it's gone

Will somebody wake up?
Will somebody wake up?
Will somebody wake me up?

Will someone please wake me up?
Will somebody wake up?
Will somebody wake me up?

I feel my eyes get heavy
I think they've turned to stone
Can't I just keep them closed
Can't I just keep them closed

I've read this book a thousand times to you
I've heard a million lullabies
But this one's true, it's true
A chemical reaction that I call passion
Is a prison built for two

Will somebody wake up?
Will somebody wake up?
Will somebody wake me up?

Will someone please wake me up?
Will somebody wake up?
Will somebody wake me up?
