

B a noBody

Soak

A teenage heart
Is an unguided dart
We're trying hard
To make something of what we are

I am trapped between
The main blanket
And new sheets

We'll never amount
To anything

C'mon c'mon
Be just like me
C'mon c'mon
B a nobody

C'mon c'mon
Be just like me
C'mon c'mon
B a nobody

You ring, you ring a bell
To show
Your bleeding
I watched I saw
Your mind fall
Out of your head

Weekend and cheap thrills
Risk it all for an itch of fun

We'll never amount
To anything

C'mon c'mon
Be just like me
C'mon c'mon
B a nobody

C'mon c'mon
Be just like me
C'mon c'mon
B a nobody

B a nobody
B a nobody
