

Blind

Soak

I try to be blind when I crossed your house
Knew it, it hurts
If they want should
Repeating every word
Re-living every night
I didn't miss a thing, when I spent my time right
Repeating every word and every night
Didn't miss a thing when I spent my time right
Had to blind the night
Had fell by thine night
How does it way you were never my light
I fell blind in your side

Hoooo...

Hoooo...

Oooo

Mmmm
