

## Scrapyard

Soak

So I heard you crashed the car dodging a rodent  
My friends saw you at the bar  
How long must we do this?

We've been hanging 'round on a seesaw in the scrapyard  
Make another you with the rust of all the best parts

Seen you been blowing smoke finally, broke the boundary  
So I guess I flipped, tripped my switch  
I'm so angry

We've been hanging 'round on a seesaw in the scrapyard  
Make another you with the rust of all the best parts

Said it before, neither of us try  
Let's get realistic

We've been hanging 'round on a seesaw in the scrapyard  
Make another you  
I've been wishing for it so hard
