

## Sea Creatures

Soak

The stars and moon  
Remind me of you  
I don't know what to say  
It might make you worse

I don't understand  
What her problem is  
I think she's just a fish!

I know you get it bad  
You don't deserve this  
And I won't put up  
With their ignorance

And they tell you  
They love you  
Well they don't mean it

I don't think they know what they mean!  
I don't think they know what love is  
Throw it around like it's worthless  
I don't think they know what love is.

I don't get this town  
Neither do you  
We should run away  
Just me and you.

Cause I don't get the people here  
They're curious  
They don't really care.

Sea creatures  
Interfere  
I wish they would disappear...

They don't know what love is  
Throw it around like it's worthless  
They don't know what love is!

I pray for you  
And you know I don't like Jesus!

Want you to get better...  
Please, please get better  
For you, for me
